A. Background

In February of 2018, the Florida Department of Law Enforcement (FDLE) renewed the Authorized Central Storage Program Letter of Agreement (LOA) with the United States Department of Justice, Drug Enforcement Administration (DEA). The LOA provided, as a condition of FDLE's participation in the DEA Central Storage Program, that FDLE may "enter into separate Agreements with its local law enforcement agencies in order for such agencies to participate in this Authorized Central Storage Program."

B. Purpose

The purpose of this MOU is to establish the terms and conditions under which the Florida Department of Law Enforcement and the undersigned, as a participating local law enforcement agency, will agree to jointly assume with FDLE, the obligations set forth herein in order to participate in the DEA Central Storage Program (hereinafter "Program").

II. TERM OF MOU

This MOU is effective upon the date last signed and executed by the duly authorized representatives of the parties to this MOU and shall remain in full force and effect until April 21, 2021.

5. Store, maintain, and secure only clandestine laboratory-related hazardous waste in approved collection stations;
6. Inventory and label all hazardous waste stored in the collection stations in proper containers according to the clandestine laboratory or location from which the

7. Designate properly trained and equipped law enforcement officers to serve as collection station Operators for the purpose of accepting or declining hazardous waste delivered to collection stations;
8. If providing law enforcement officers to serve as collection station Operators, only accept clandestine drug laboratory-related waste when such waste has been identified, packaged, characterized and transported to the collection station by an individual or individuals possessing the required training;
9. Immediately report to the appropriate state or federal agency for appropriate action, instances in which clandestine laboratory-related hazardous waste has been packaged, transported, or stored in violation of applicable Federal, State, or local environmental requirements;
